Alum Treatments for Better Water Quality

What is a POD?

As described by a past ILMA president, a POD or Point Of Discussion is a “social gathering of intelligent minds discussing current and ongoing lake and watershed concerns”.

POD format:

20-30 minute topic presentation

5-10 minute Q&A session regarding presentation

10-20 minute debriefing to those present detailing pertinent ILMA/Lake news

10-15 minute open discussion

Ongoing social discussion – Open floor

Typical POD session time will range between 70-90 minutes; however you are welcome to come as early and stay as late as the establishment will let you.

DATE: 1/25/17
TIME: 6:00PM
